

# WILLJOY – LIFE IS NOW

## LYRICS

(Composed and written by Viljo Parkkila)

What would you do  
If you knew that you only had three weeks to live  
There will come a time when we have to ask ourselves  
What do we live for

Yeah  
These times just cannot change, if we won't too

Times changing in horizon  
We're too quick to finalizing  
Why are we just the kind  
Who shouts and slams the door behind  
The truth is so damn hard to find  
Why

Tell me how to make ourselves come stronger

You know what your needs are about  
But you must say it loud  
So I don't have to guess what you're talking about  
Why can't you accept the fact  
That I'm not your little thing  
I was born wild  
What you need is me inside your life  
And deal with the needs that you keep deep out of the lights  
You'll no longer make your decisions  
With a hands out tunnel vision

What you need is me in your life and now  
Life and now  
Life is now  
Life is now

You know what your needs are about  
But you must say it loud  
So I don't have to guess what you're talking about  
Why can't you accept the fact  
That I'm not your little thing  
I was born wild  
What you need is me inside your life  
And deal with the needs that you keep deep out of the lights  
You'll no longer make your decisions  
With a hands out tunnel vision

What you need is me in your life and now  
Life and now  
Talking about  
What we're talking about

You know what you need inside your life  
And you have no idea what I'm talking about  
What you need is me inside your life  
And you will never fill yourself with doubt  
Put your trust in me  
Wait around and see  
You are now fear free  
Of the things we are talking about  
You just have to pray  
Every night and day  
That everything I say isn't lie  
Cause that's what trust is about

What you need is me in your life and now  
Life and now  
Life is now
